

UN2977 1 of 2 17 December 2020	Electronic Staff Record Programme USER NOTICE	
Title	National e-Learning Changes related to Flash e-Learning content December 2020	
Purpose	To advise users of changes to national available e-Learning that uses the Adobe Flash Player	
Intended Audience	All Learning Administrators and e-Learning users	

SUBJECT

To advise users of actions related to Flash based e-Learning content.

DETAIL

Adobe Flash Player is being removed at the end of this year, after this date, any web based content which uses Flash including e-Learning content will be blocked from running.

As a precaution, all content that currently uses Flash as the main medium will be populated with an end date of the 31st December 2020. Where the content is replaced before this date, then the end dates will be removed.

The end dates will be populated between the 17th and 31st December.

There are some courses that have Flash interactions, but contain alternative methods to view the content, for example a text version of a Flash video. These courses will not be end dated.

The courses that will be end dated are as follows:

Course Name
000 Blood Transfusion 03: Good Manufacturing Practice for Lab Staff
000 Blood Transfusion 05: Anti-D (Clinical)
000 Blood Transfusion 06: Anti-D (Laboratory)
000 Blood Transfusion 07: Learn Cell Salvage
000 Blood Transfusion 08: Transfusion Laboratory: Safe Practice
000 Blood Transfusion 09: Consent for Transfusion
000 Blood Transfusion 11: Acute Transfusion Reactions
000 Preventing Falls in Hospitals
000 CareFall: Reducing inpatient falls risk factors and post fall management
000 B. Braun Peripheral Cannulation e-Learning Theory Module
000 Pandemic Flu

NOT PROTECTIVELY MARKED
