DETAIL

Users are advised that in line with the 2018 Contract Refresh, the transitional arrangements for Bands 5, 6 and 7 completes on the 1st April 2021, with the removal of the final transitional pay point in each band. For ESR this means staff on the affected points will be automatically uplifted to the value of the maximum of the scale on the 1st April 2021.

The revised rates of pay for these points will be updated on ESR in Release 49, over the weekend commencing 26th March 2021.

ACTION REQUIRED

Users are advised to review and update payments for protections, maternity, adoption etc. for the new pay rates.

FURTHER INFORMATION

Users should also note the following information in relation to the 2018 Contract Refresh:

The one off consolidated payment will continue to apply for affected points on Bands 8 and 9, until the outcome of the 2021/22 pay award is known. Users should ensure this payment is manually added to assignments where applicable. Where staff have been recruited to these bands since 1st April 2020, on a higher point than the minimum and their pay step progression takes them to one of the affected points, the consolidated payment will not apply.
