

UN3040 1 of 1 25 th MAY 2021	Electronic Staff Record Programme USER NOTICE	
Title	ESRBI – COVID-19 Vaccination Reporting	
Purpose	To update all Organisations on the availability of a National ESRBI report for COVID-19 Vaccinations	
Intended Audience	All Organisations	

SUBJECT

Information regarding the introduction of COVID-19 vaccination reporting in ESRBI.

DETAIL

As previously communicated, Release 49.2 included an enhancement to enable Organisations to report on COVID-19 vaccinations through ESRBI. To further assist users the NHS ESR Central team have developed two new analyses which will be available within the NHS Workforce Profile Dashboard.

The reports are on two new pages: COVID-19 Vaccination Summary and COVID-19 Vaccination Detail. The summary provides a number of measures grouped by a range of fields including protected characteristics. The detail includes all COVID-19 vaccination fields as well as those found in standard workforce reports.

The reports are available to the following URPs only:

- XXX BI Administration
- XXX Occupational Health Administrator
