<b>Title</b>	National e-Learning Changes November 2021	
<b>Purpose</b>	To advise users of changes to national available e-Learning	
<b>Intended Audience</b>	All Learning Administrators and e-Learning users	

## SUBJECT

Updates to e-Learning courses are available in ESR.

## DETAIL

### Essentials of wound care education for the health and care workforce

Interactive elearning resources to support the development of wound care knowledge and skills in the health and care workforce

These educational resources have been developed as part of the National Wound Care Strategy programme, which aims to implement a consistently high standard of wound care across England, by reducing unnecessary variation, improving safety and optimising patient experience and outcomes.

## NHS Patient Safety Syllabus

Safer culture, safer systems, safer patients

This training has been devised following the publication of the NHS Patient Safety Strategy which contains a patient safety syllabus. The syllabus sets out a new approach to patient safety emphasising a proactive approach to identifying risks to safe care while also including systems thinking and human factors.
