UN3222 1 of 2 5th October 2022	Electronic Staff Record Programme USER NOTICE	**NHS**
Title	MM-0100 Organisation Site IT, Printer and Network Infrastructure Readiness	
Purpose	To inform ESR users of the changes made to this document.	
Intended Audience	IT departments of ESR users.	

SUBJECT

This notice is to inform users of the updates made to the MM-0100 document.

DETAIL

Version 35 of the MM-0100 document has recently been released. It references the current supported versions of client software.

The following is a list of the key sections of MM-0100 that have been updated:

Section	Change
2.1	Supported browsers updated. Chrome has been added as supported browser.
3.1	Added a trusted URL for smartcard users.
4.4	Added a trusted URL for smartcard users.
8	Supported software table and releases updated.
9.1	Added Windows 11 in the Workarounds and Alternative Software section.
14.2	Added Private Browsing and Removal of Smartcard during a session in the Security considerations.
14.6.5	Added issue reported accessing the Portal Staging environment via Edge.

* In addition, organisations should be aware that ESR is not tested using Edge in IE11 Compatibility mode.

Also, the option to run Edge in IE11 Compatibility mode for users accessing ESR core forms will need to be disabled towards the end of the current year.

At that time, all users accessing ESR core forms will need to use Edge in native mode. Self Service users will be unaffected.

ACTION REQUIRED

Please share this version of the document with your IT Department or IT Provider.

FURTHER INFORMATION

The new version of the MM-0100 document can be found here. You will need to be logged into ESR to view the document.
