

RN456 1 of 4 17 December 2020	Electronic Staff Record Programme RELEASE NOTICE	
Title	Release 48.0.0.0	
Purpose	To inform Users on the content of the release	
Intended Audience	All ESR Users	

The following items will be resolved in Release 48.0.0.0 which is scheduled to be deployed on 31st December 2020. Details on the downtime relating to this will be advised in a separate User Notice nearer the time.

Action required	Users are requested to action all outstanding Workflow Notifications prior to the downtime.
For info	There will be a JAR file download for all Forms users as part of the release. This will take place upon users logging in and accessing Forms. The initial download might cause a slight delay. Users who are home working may experience longer delays and we ask you to be patient.

Service Desk Reference	Description	Process Area
PRB2001640	ShPP not being paid if Shared Parental absence deleted and re-entered An issue where ShPP was being paid as -1 when a Shared Parental absence has been deleted and re-entered has been corrected. This only applied to Shared Parental absences that are using the new functionality introduced in July 2020.	Absence \ Shared Parental Leave
PRB2001278	Pension Element Start Date An issue was found that was affecting the Pension Start Date. When an applicant is hired, and there is a subsequent change made to the Hire date, the Pension NHS element and Pension Information element would revert back to the Applicant Start date and not the new Hire date. This issue has now been resolved.	Interfaces \ e-Recruitment
PRB2001690	GL costing remap does not always translate The GL File transferred did not translate if the Flex Trainee New NP NHS element has Null Allowance Type. This has been resolved.	Interfaces \ General Ledger (GL)
INC2018756	Change of navigation after adding an item as a favourite When an item is added as a favourite on the Manage Favourites page Users will now see the following confirmation message 'Your changes have been saved and applied' and will remain on the Manage Favourites page. Previously Users would have been returned to the ESR Navigator.	Internal Systems \ Rational (RTC)

PRB2001539	Validity date missing on the Learning Certification renewing page - incomplete message displayed When a User renews a learning certification and the certification status shows as 'Renewing', the date is omitted from the message displayed: "You are in the process of renewing this certification, which is still valid until...." This issue has now been resolved.	Learning Management \ Enrolment
PRB2001526	Unsubscribing from a Learning Certification Users would encounter the following error "This Certification is already renewed" when trying to subscribe to a certification they had previously unsubscribed from. This issue has now been resolved.	Learning Management \ Catalogue \ Learning Certifications
PRB2001688	Pay Progression Notifications not being sent due to character limit The Pay Progression Notification process has been updated to handle more content in the notifications sent to managers and role holders. This will prevent workflow errors which are preventing notifications from being sent.	Notifications \ Appraisals
PRB2001647	Remove personalisation to hide the View File for HMRC transactions The HMRC Retrieve Files Search (Data Retrieval Search) form has been enhanced to now include the View Files option, allowing users to look at the file submitted from HMRC. This will aid in correcting any errors received via notifications whereby specific employees are needing corrective action, but the assignment number is not given in the notification.	Notifications \ Payroll \ HMRC Generated
