## TESTING COMPLETE

Service Desk Reference	Description	Process Area
PRB2001736	<p><b>Manage Internet access button for Users having URP - XXX Local User Password Reset</b></p> <p>This release will remove the Manage Internet access button and Link Access from HSCN for the XXX Local User Password Reset URP.</p>	Application \ Access
PRB2001773	<p><b>OSHP element entries for a deleted SHPL Form</b></p> <p>Retro Pay will now complete without an error if an SHPL Record has been deleted after the OSHP entries have been processed.</p>	Absence \ Shared Parental Leave
PRB2001742	<p><b>NI Aggregation</b></p> <p>As per Alert Notice 1370, sometimes when hiring an applicant the NI Multiple Assignments flag is not being ticked immediately. Although this would get set later when the assignment was updated, there is a risk of the person not being reported correctly in RTI if multiple assignments existed. Please note this only affects hires done via the core form only.</p> <p>Flag is not set in the following scenario's;  1.) When an applicant is hired onto a position with the payroll, contract type, job, grade etc. already defined  2.) Create employee where NI flag is NULL, hire them into a secondary assignment using a position that has payroll, contract type, job, grade etc. already defined.</p> <p>This has been resolved.</p>	HR \ Recruitment
PRB2001749	<p><b>Class waiting lists</b></p> <p>Employees placed on the Wait List are receiving emails advising that spaces are available including classes which are fully booked.</p> <p>This has been resolved.</p>	Notifications \ Learning Management

<b>Intended Audience</b>	All ESR Users	

PRB2001753	<p><b>GB BIK Car and Car Fuel resolution</b></p> <p>For those employees who have a car benefit and using the GB BIK Car and Car Fuel element on a WEEKLY paid assignment, then the following has been fixed:</p> <p>Previously, where the whole of week 1 dates fell prior to 6th April (due to the positive offset) then the payroll would fail if the GB BIK Car and Car Fuel was added in this week. This has now been fixed and where the pay date falls after 6th April, then this will be correctly considered as the new tax year and the payroll will not fail for week 1 in this case.</p> <p>Furthermore, in cases of termination, where an adjustment was due for the previous tax year, then the BIK adjustment element would erroneously be added to week 1 where the whole of week 1 dates fell prior to 6th April. This will no longer be the case and any adjustment to a previous tax year will not be done in the new tax year.</p> <p>It should be noted that the elements should be added and ended in accordance with the tax year. Therefore, for weekly paid employees the element should be end dated on the last working day of the last week, and then added on the first working day of week 1.</p> <p>For example where the following is the case: Week 1 29-Mar-21 to 04-Apr-2021 with a Payment Date 08-Apr-21 then the previous year's element should be end dated on 28-Mar-21, and the new one would be added on the 29-Mar-21.</p>	Pay \ RTI \ FPS
PRB2001728	<p><b>NHS RTI YTD Reconciliation Report</b></p> <p>The issue with the FPS NI balances are being ignored when there is a future dated change to the NI reporting assignment on the NHS RTI Year to Date reconciliation report will be resolved.</p>	Pay \ RTI \ Reconciliation
PRB2001803	<p><b>Portal Announcements</b></p> <p>Portal Announcements which use the HTML image over text option did not display the text for the Mobile Image.</p> <p>This has been resolved.</p>	Portal \ Configuration
PRB2001747	<p><b>Viewing events in the calendar in the ESR Hub</b></p> <p>When viewing events in the calendar in the ESR Hub, days with events are shaded in blue, but when an event is selected, the shading disappears.</p> <p>This has been resolved.</p>	Portal \ Configuration
