Title	Release 57.0.0.0
Purpose	To inform Users on the content of the release
Intended Audience	All ESR Users

Release 57.0.0.0 is scheduled to be deployed on 31st March 2023. Details on the downtime relating to this will be advised in a separate User Notice nearer the time.

Action required	**Users are requested to action all outstanding Workflow Notifications prior to the downtime.**
For info	**There will be a JAR file download for all Forms users as part of the release. This will take place upon users logging in and accessing Forms. The initial download might cause a slight delay. Users who are home working may experience longer delays and we ask you to be patient.**

Service Desk Reference	Description	Process Area
PRB2001817	**Sickness Absence Start Date** When a Sickness Absence Start Date fell on the same date as a pay date, the earnings for that pay date were incorrectly included in the Average Weekly Earnings calculations. This has been resolved.	Absence \ Sickness
PRB2002421	**Modify Mid-year pensions reassessment process to handle future-date Pension NHS element entries** This Release will ensure that the Pensions Mid-year reassessment process will correctly handle future-dated changes to the Pension NHS element entry. The process will now return the 'Future-dated changes exist' message rather than erroring.	Application \ Access
PRB2002450	**IAT PDS Copy fails due to duplicate competencies** The IAT PDS Copy Fails when there is an open-ended Competency in the Source Employees' Competency Profile and the Competency itself is End Dated. This has been resolved.	HR \ IAT

-	**TYE 2022/23 - Tax Code Uplifts** **Action:** The NHS Start of Year process will still need to be run as this sets the P45 figures to zero and changes any Week1 / Month1 codes to Cumulative, even though there are no Tax Code Uplifts for 2023.	Pay \ Element \ Paye
PRB2002151	**Retropay by Element and Payroll run on the monthly assignment error message** When an NI Aggregated employee with assignments on cross frequency payrolls has NI Category amended to 'C' from their State Pension Age date, the Retropay by Element and Payroll run on the monthly assignment can error with the following error message: 'NI_PERSON: This is not a valid combination of NI Categories for Aggregation.' This has now been fixed	Pay \ Payroll Cycle
PRB2002349	**Batch Element Entry Lines Upload Page and Batch Element Entry Review Page Hints and Tips** The Batch Element Entry Lines Upload Page and Batch Element Entry Review Page Hints and Tips was displaying Message Code instead of Message Text. This has been resolved.	Performance \ ESR
PRB2002470	**Usernames being incorrectly displayed** Usernames were incorrectly displayed above the folder and document names on the Hub. This has been resolved.	Portal \ Configuration
PRB2002379	**ESRBI - LEAVE_BOOKED column includes Annual Leave booked beyond Termination Date** The column LEAVE_BOOKED in the subject area "Human Resource - Annual Leave Balances" includes annual leave absences entered beyond the Actual Termination Date of terminated employees. This issue has been fixed and only annual leave absences entered up to the termination date will be included whilst deriving this column.	Reporting \ BI
