| RN600 1 of 6 18th September 2025	Electronic Staff Record Programme RELEASE NOTICE	NHS
Title	Release 66.0.0.0 & 66.1.0.0	
Purpose	To inform Users on the content of the Release	
Intended Audience	All ESR users	

Release 66.0.0.0 & 66.1.0.0 is scheduled for implementation over the weekend commencing 26th September 2025. Details on the related downtime will be issued nearer the time.

Content is currently subject to test completion. Further communication will be issued if any are withdrawn from the release

Action required	**Users are requested to action all outstanding Workflow Notifications prior to the downtime.**
For info	**There will be a JAR file download for all Forms users as part of the release. This will take place upon users logging in and accessing Forms. The initial download might cause a slight delay. Users who are home working may experience longer delays and we ask you to be patient.**

Ref ID	Description	Process Area
PRB2002964	**AfC Average pay** When an employee was enrolled for AfC Average pay, the Bank Holiday absences created via Self Service did not have the override hours set to zero. This has been resolved.	Absence \ Annual Leave
PRB2002983	**SMP Correction issue** Adjustments to Statutory Maternity Pay (SMP) were incorrect for employees whose Maternity Start Date was changed retrospectively, when they have transitioned from higher to lower rate SMP and from full to half pay Occupational Maternity Pay (OMP).	Absence \ Maternity
-	**Prevent updates to paternity absence start date when OPP entry is processed and display the revised error message** The wording on the error message that is being displayed when the start date on the paternity absence is amended has been updated to show the correct message. **Old Error Message:**	Application \ Access

Title	Release 66.0.0.0 & 66.1.0.0
Purpose	To inform Users on the content of the Release
Intended Audience	All ESR users

Ref ID	Description	Process Area
	New Error Message: The validation to trigger the new error message is updated to only prevent amending the start date on the paternity absence when the relevant OPP Entry is already processed in a payroll run. In case the OPP entry has not been processed in a payroll run then the start date on the paternity absence can be amended if the revised start date is within the same pay period as the original start date.
