Design Assumptions

The following design assumptions have been made and can be applied to all analyses and dashboards:

- 1. All analyses have an export button to enable the user to export to their format of choice.
- 2. All analyses have an 'Add to Briefing Book' button enabled to allow the user to group national analyses together into a board-report type document.
- 3. All dashboards are designed on a screen resolution of 1024 x 768 pixels to prevent horizontal scroll bars being displayed (except where wide tables of data are required).

Examples

Where applicable, the examples included in this document contain fictional data only. The names and other personal details are fictional although look realistic enough to provide a useful example.

Bank and Agency Administration Dashboard

Description

This dashboard allows users to analyse Bank Work Requirements, Request Status, Reasons for Requests and Cancellations.

Definitions

Bank: An internal pool of NHS staff that can be drawn upon as a resource should the need arise due to such as illness, holiday cover etc

Bank Work Requirement: A specific work requirement needing to be fulfilled by an individual from a 'Bank' or via an agency

FTE: Full Time Equivalence, the ratio of (weekly) hours required to fulfil the role to the employee contracted (weekly) hours.

Allocation

This dashboard is available to the following URPs:

XXX Bank Administration

XXX BI Administration

XXX Finance Reporting

XXX Finance Reporting and Hub Mapping

XXX HR Administration

XXX HR Administration (With RA)

XXX HR Management

FTE Report

Description

This analysis enables users to view the amount of bank hours an organisation is requesting and booking within a date range. This analysis also enables users to view the amount of bank hours as a proportion of the total hours worked by the organisation. The FTE Report also allows users to compare bank utilisation between organisations.

Prompts

- * Organisation Name
- * Period Start Date
- * Period End Date
